January 17, 2019

The Flood Control District of Maricopa County (FCD) is conducting some fence repairs along both sides of the Arizona Canal Diversion Channel (ACDC) between 35th Avenue and just east of Interstate 17. This segment will be closed for the duration of the work.

Construction is planned to begin end of January and last through June. Once construction is complete the multi-use paths will be available for use again.

Any questions or concerns can be directed to Patrick Schafer, Project Manager
602-506-2206.
