When you need care, call your primary care physician or family doctor first.

Your physician has easy access to your records, knows the bigger picture of your health and may even offer same-day appointments to meet your needs. When seeing your physician is not possible, however, it's important to know your quick care options to find the place that's right for you and help avoid financial surprises. Compare at uhc.com/checkchoosego.

Quick Care Options*	Your options	Average Cost	PPO Plan member cost	HDHP Plan member cost
 UHC Advocate4Me Not sure where to go?	Call a Healthcare Advocate at 1-888-876-7098, TTY 711. You can connect with a nurse to help you decide.	\$0	\$0	\$0
 Virtual Visits See a doctor from the comfort of your home for minor health issues?	See and talk to a doctor from your smartphone or computer — anytime, anywhere. Doctors can even write prescriptions, if needed.	\$49	\$0	15% after deductible
 Convenience Care Clinic Have a minor health issue and your doctor isn't available?	Go to a convenience care clinic , available in larger retail stores, drugstores or grocery stores.	\$90	\$20	15% after deductible
 Primary Care Need non-emergency or preventive care?	See your doctor. They know your health history and can refer you to a specialist, if needed.	\$125	\$25 Tier 1 \$45 Non-Tier 1	15% after deductible
 Specialist Need help managing a specific condition?	See a specialist. They can help you explore treatment options.	\$225	\$55 Tier 1 \$70 Non-Tier 1	15% after deductible
 Urgent Care Center Need immediate care for a non-life-threatening injury or illness?	Try urgent care. No need to make an appointment and the wait is generally much shorter than the emergency room.	\$170	\$75	15% after deductible
 Emergency Room (ER) Experiencing a serious medical issue?	Go to a hospital emergency room , or call 911.	\$1,675	\$250	15% after deductible
Freestanding ERs Many people have been surprised by their bill after visiting a freestanding emergency room (FSER). FSERs, sometimes referred to as urgency centers, typically bill at ER rates (or higher) and can cost you and your plan \$1,500 more than an Urgent Care Center. Neither located in nor attached to a hospital, FSERs are able to treat similar conditions as an ER but do not have an ER's ability to admit patients.		Ask before you enter: <ul style="list-style-type: none"> • Is this an urgent care center or an ER? • Is this facility a network provider? 		

The cost estimates on this page are based on average charges for in-network providers within a specific geographic market. Your actual costs may be higher or lower than these cost estimates as a result of changes in the provider's contract or status, additional services that arise during the course of treatment, your specific benefit plan, or for other reasons. Check with your provider and health plan details to confirm the costs that you may be charged for a service or procedure. You are responsible for costs that are not covered and for getting any pre-authorizations or referrals required by your health plan. Neither payments nor benefits are guaranteed.
