

Waste Handling & Disposal

Stormwater Best Management Practices

Improper storage and disposal of wastes can allow toxic compounds, chemicals, and other pollutants to enter stormwater runoff and could be a violation of the County Stormwater Quality regulation, the County Health Code, and other local, state, and federal codes.

What Can I Do?

- Dispose of Household Hazardous Waste (HHW) at an appropriate collection facility or event. To locate an HHW facility, visit swm.maricopa.gov.
- Illegal dumping is the disposal of household garbage, appliances, furniture, etc... anywhere other than at an approved location. Call 602-506-DUMP to report it.
- Dispose of any waste you create in an approved manner.
- Cover containers with leak proof lids except when in use.

Did You Know?

Common HHW include batteries, antifreeze, cell phones, electronics, motor oil, and fluorescent light bulbs.
